OFFICE MEMORANDUM

In consideration of the online application No. **6467989** for obtaining Consent to Establish for **M/s. GLYSERIA**, the State Pollution Control Board, is pleased to convey its Consent to Establish under Section 25 of Water (Prevention & Control of Pollution) Act, 1974 and Section 21 of Air (Prevention & Control of Pollution) Act, 1981 for following plant facilities and production capacities:

Production of Packaged Drinking Water (2 Litre, 1 Litre, 500 ml, 300 ml, 250 ml) at a capacity of 10,833 Kilo Litres/Annum.

At Mouza Nuharakiri (over Plot No.283 of Khata No. 461/808 and 283/1919 of Khata No. 461/804; Area: Ac 0.14660 Dc), Alanda, Po/PS: - Nimapada, Tahasil- Nimapada, (as has been mentioned in application form and other submitted documents), in the district of Puri with the following conditions:

GENERAL CONDITIONS:

1. This consent to establish is valid for the raw materials, product, manufacturing process and capacity mentioned in the application form. This order is valid for five years, which means the proponent shall commence construction of the project within a period of five years from the date of issue of this order. If the proponent fails to do substantial physical progress of the project within five years then a renewal of this consent to establish shall be sought by the proponent.
2. The industry shall comply with the provisions of Environment Protection Act, 1986 and the rules made there under with their amendments from time to time such as the Hazardous and Other Wastes (Management and Trans-boundary Movement) Rules, 2016 as amended from time to time. Hazardous Chemical Rules/ Manufacture, Storage and Import of Hazardous Chemical Rules, 1989 etc. and amendments there under. The industry shall also comply with the provisions of Public Liability Insurance Act, 1991, if applicable.

ofc

3. The industry is to apply for grant of Consent to operate under Section 25/26 of Water (Prevention & Control of Pollution) Act, 1974 and Section 21 of Air (Prevention & Control of Pollution) Act, 1981 at least 03(three) months before the commercial production and obtain Consent to Operate from this Board.
4. **This consent to establish is subject to statutory and other clearance from Govt. of Odisha and/or Government of India as and when applicable.**

SPECIAL CONDITIONS:

A. GENERAL:

1. The industry shall maintain good housekeeping inside the plant premises.
2. All the industrial processes shall be carried under closed industrial shed and the unit shall provide adequate ventilation and lighting in the shed.
3. The industry shall abide by all the provisions of Environment (P) Act, 1986 and Rules framed there under.
4. The industry shall undertake plantation inside the factory premises and along the boundary.
5. The Board may impose further conditions or modify the conditions as stipulated in this order during installation and /or at that time of obtaining consent to operate and may revoke this order in case the stipulated conditions are not implemented and/or information are found to have been suppressed/wrongly furnished in the application form.
6. The unit shall apply for grant of Consent to Operate to Regional Office, Bhubaneswar with adequate fee, before expiry of the valid period of consent to operate.

B. WATER POLLUTION:

1. Domestic waste water shall be discharged to septic tank followed by soak pit constructed as per BIS specification.
2. There shall not be any discharge of industrial waste water without treatment to outside the factory premises.

3. The unit shall provide a Waste water Treatment Plant of adequate capacity to treat RO rejects and the treated water shall be used for irrigation and dust suppression purpose. Excess treated waste water shall be discharged to IDCO drain.

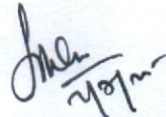

C. AIR POLLUTION:

1. The industry shall take adequate pollution control measures for controlling the fugitive emission to be generated during raw material handling production and the ambient air quality at the boundary of the factory premises shall conform to the National Ambient Air Quality Standard (i.e. Particulate Matter Concentration of $100 \mu\text{g}/\text{m}^3$ (of size less than $10\mu\text{m}$ or PM_{10})).
2. Adequate exhaust fans shall be provided in the work zone area under the shed.
3. The unit shall install DG set in an acoustically enclosed room over anti vibration pad to control noise and vibration. The height of the stack attached to DG set shall be $H = h + 0.2 \sqrt{\text{KVA}}$, where h = Height of the building where it is installed in meter, KVA = Capacity of D.G. Set, H = Height of the stack in meter above ground level.
4. Internal road shall be concreted/ blacktopped with water sprinkling arrangement for minimizing dust emission during transportation of vehicle within premises.

E. SOLID AND HAZARDOUS WASTE:

1. The unit shall provide proper storage facility for the solid wastes generated from the unit and adequate arrangement to be made for disposal of rejected raw material/ Products to any registered vendor so as to avoid any public nuisance to nearby Areas.

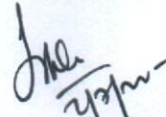

2. The Proprietor of the unit should go for agreement with any registered plastic waste recycler for disposal of rejected plastic at regular interval.
